PICK UP:

- Rabbits are to be picked up at our place. Please bring a cardboard box or clean sanitized pet carrier, filled with hay. Do not hold new bunny on car trip home. Car rides often make bunnies nervous, so providing it some personal space to settle down in would be best.
- We will occasionally be able to meet you halfway or somewhere within a reasonable distance for us within KS or MO for you to pick up your bunny. The rabbit must have a deposit placed on it FIRST and the remaining balance, plus mileage will be charged at pickup. Feel free to text me any time to tell us how your rabbit is doing or with any questions whatsoever.
